Life Is On

Insight Energy Management for solar and storage systems

Powerful yet simple, Insight is Schneider Electric's energy management ecosystem for solar & storage. It provides intuitive mobile and web-browser based interfaces for homeowners and professionals alike.

Take command

- Take control of your energy management decisions, such as which energy source you use at different times of the day
- Optimize energy consumption based on time of use rates and demand charges

Flexible

- Built-in wireless access point (WAP) connectivity for easy configuration(wirelessly connect a laptop or mobile device)
- Built-in wireless station mode for connection to a local area network
- · Li-ion battery integration for flexible design and easier configuration

Easy to service

- Upgrade InsightHome, InsightFacility and other Schneider Electric solar & storage devices' firmware through Insight mobile or web apps
- Remotely manage system settings and firmware updates from InsightCloud or InsightMobile App

👸 Insight for homeowners

- Access from anywhere via cloud, local or mobile apps
- Monitor energy production and consumption in real-time
- See your money-savings and reduction in carbon emissions

K Insight for professionals

- Manage your portfolio of installations at your fingertips
- Reduce site visits by 50% thanks to the powerful remote management features
- Simplify solar and storage system configuration using web-based or Modbus
